Mears (J. Ewing)—continued.

Case of encysted dropsy of the peritoneum, in which suppuration had occurred and abdominal section was performed, with recovery. pp. 171-180. 8°. [*Philadelphia*, 1875.]

Cutting [cover with printed title] from: *Tr. Coll. Phys. Phila.*, 1875, 3. s., i.

Case of lacerated wound of the elbow-joint treated successfully by the antiseptic method of Prof. Lister. pp. 12-15. 8°. [*Philadelphia*, 1876.] [P., v. 2220.]

Repr. from: *Tr. Coll. Phys. Phila.*, 1876, 3. s., iii.

Case of peripheral necrosis of the humerus, involving the head and entire shaft; pre-existing osseous ankylosis of the shoulder and fibrous ankylosis of the elbow; amputation at the shoulder joint. pp. 18-21. 8°. [*Philadelphia*, 1876.] [P., v. 2220.]

Repr. from: *Tr. Coll. Phys. Phila.*, 1876, 3. s., iii.

Cases of sarcomatous tumor. I. Of the lower jaw, involving the masseter muscle. II. Of the parotid gland, involving the masseter muscle; removed by operation. pp. 166-177. 8°. [*Philadelphia*, 1876.] [P., v. 2220.]

Repr. from: *Tr. Coll. Phys. Phila.*, 1876, 3. s., iii.

Case of gunshot wound of the abdomen, perforating the ascending colon. pp. 10-11. 8°. [*Philadelphia*, 1877.] [Also, in: P., v. 2220.]

Repr. from: *Tr. Coll. Phys. Phila.*, 1877, 3. s., iv.

On the treatment of old dislocations of shoulder by subcutaneous section of the humerus and the formation of a false joint; with the report of a case in which this operation was performed. pp. 199-212. 8°. [*Philadelphia*, 1877.] [Also, in: P., v. 2220.]

Repr. from: *Tr. Coll. Phys. Phila.*, 1877, 3. s., iv.

Report of a case of diabetes mellitus in which double cataract existed, death occurring three days subsequent to an operation of extraction. pp. 68-78. 8°. [*Philadelphia*, 1880.] [P., v. 2220.]

Repr. from: *Tr. Coll. Phys. Phila.*, 1880, 3. s., v.

A résumé of twenty-five cases of abdominal section. pp. 204-213. 8°. [*Philadelphia*, 1882.] [P., v. 2220.]

Repr. from: *Tr. Coll. Phys. Phila.*, 1882, 3. s., vi.

Clinical lectures. Case I. Vesico-vaginal fistula. Case II. Epithelioma of vulva; operation. pp. 49-51. 8°. [*Philadelphia*, 1883.] [P., v. 2220.]

Repr. from: *Coll. & Clin. Rec.*, Phila., 1883, iv.

Clinical lecture. Case I. Vesico-vaginal fistula of unusual origin. II. Hair-pin incarcercated in the canal of the uterus; removal. pp. 89-90. 8°. [*Philadelphia*, 1883.] [P., v. 2220.]

Repr. from: *Coll. & Clin. Rec.*, Phila., 1883, iv.

Closure of the jaws, and its treatment; with the report of a case in which complete occlusion followed a gunshot wound of the left superior maxilla received at two-and-a-half years of age and which was relieved eighteen years subsequently by operation according to a new method. 16 pp. 8°. [*Philadelphia*, 1883.] [P., v. 2220.]

Repr. from: *Tr. Am. Surg. Ass.*, Phila., 1883, i.

Vesico-vaginal and recto-vaginal fistula. A clinical lecture. pp. 169-170. 8°. [*Philadelphia*, 1883.] [P., v. 2220.]

Repr. from: *Med. News*, Phila., 1883, xliii.

Clinical lecture. Lecture I. Abdominal surgery. pp. 210-212. 8°. [*Philadelphia*, 1885.] [P., v. 2220.]

Repr. from: *Coll. & Clin. Rec.*, Phila., 1885, vi.

The same. Lecture II. Operations on the kidney. pp. 223-225. 8°. [*Philadelphia*, 1885.] [P., v. 2220.]

Repr. from: *Coll. & Clin. Rec.*, Phila., 1885, vi.

Mears (J. Ewing)—continued.

Phosphorus-necrosis of the jaws. 31 pp. 8°. [*Philadelphia*, 1885.] [P., v. 2220.]

Repr. from: *Tr. Am. Surg. Ass.*, Phila., 1885, iii.

A sketch of the life of Samuel D. Gross. 18 pp. 8°. [*Philadelphia*, 1885.] [P., v. 2220.]

Study of the pathological changes occurring in trifacial neuralgia. With the report of a case in which three inches of the inferior dental nerve were excised. 17 pp. 8°. [*Philadelphia*, 1885.] [P., v. 2220.]

Repr. from: *Tr. Am. Surg. Ass.*, Phila., 1884, ii.

Closure of the jaws, and its treatment. 15 pp. 8°. [*Philadelphia*, W. J. Dornan, 1887.] [Also, in: P., v. 2220.]

Repr. from: *Tr. Coll. Phys. Phila.*, 1887, 3. s., ix.

The progress and limitations of operations upon the abdominal cavity. 20 pp. 12°. [*Philadelphia*, 1887.] [P., v. 2220.]

Repr. from: *Phila. M. Times*, 1887, xlvii.

The propriety of surgical interference in perforating typhoid ulcer. 14 pp. 8°. [*Philadelphia*, W. J. Dornan, 1888.] [Also, in: P., v. 2220.]

Repr. from: *Tr. Am. Surg. Ass.*, Phila., 1888, vi.

Surgery of the abdomen. pp. 68-144. 8°. [*Philadelphia*, Med. Bull. Print. House, 1888.] [Also, in: P., v. 2220.]

Cutting [cover with printed title] from: *Ann. Univ. M. Sc.*, Phila., 1888.

Distended gall-bladder simulating floating kidney; cholecystotomy by the lumbar incision. 7 pp. 8°. [*Philadelphia*, W. J. Dornan, 1889.] [Also, in: P., v. 2220.]

Repr. from: *Tr. Am. Surg. Ass.*, Phila., 1889, vii.

Cleft of the hard and soft palates. 8 pp. 8°. [*Philadelphia*, 1893.] [Also, in: P., v. 2220.]

Naso- or retro-pharyngeal growths. 6 pp., 1 pl. 8°. [*Philadelphia*, 1893.]

Repr. from: *Tr. Am. Surg. Ass.*, Phila., 1893, xi.

Address of the president, American Surgical Association, 1894. 9 pp. 8°. [*Philadelphia*, 1894.] [P., v. 2220.]

Repr. from: *Tr. Am. Surg. Ass.*, Phila., 1894, xii.

Ligature of the spermatic cord in the treatment of hypertrophy of the prostate gland. 5 pp. 8°. [*Philadelphia*, 1894.] [Also, in: P., v. 2220.]

Ligature of the spermatic cord for conditions other than hypertrophy of the prostate gland. 4 pp. 8°. [*Philadelphia*, 1895.] [P., v. 2220.]

[Collection of pamphlets, 1871-97.] 8°. [*Philadelphia*, 1897.] [P., v. 2220.]

The operative treatment in occlusion of the jaws. 15 pp. 12°. [*Chicago*, 1897.] [Also, in: P., v. 2220.]

Repr. from: *J. Am. M. Ass.*, Chicago, 1897, xxix.

The evolution of surgery. 16 pp. 8°. [*Philadelphia*, W. J. Dornan, 1904.]

For Portrait, see *Collection* of Portr. (Libr.).

Mears (William Pope) [1855-1901].

Obituary. *Brit. M. J.*, Lond., 1901, i, 547.

Mease (James) [1771-1846]. An essay on the disease produced by the bite of a mad dog or other rabid animal. With a preface and appendix by J. C. Lettsom. xv, 179 pp. 8°. [*London*, C. Dilly, 1793.]

Bound with: Trotter (Thomas). *Observations on the scurvy* [etc.]. 8°. [*London*, 1792.]

Introductory lecture to a course of lectures upon comparative anatomy and the diseases of domestic animals, delivered November 3, 1813. 1 p. l., 51 pp. 8°. [*Philadelphia*, Lydia R. Bailey, 1814.] [P., v. 1564.]

Mease (James)—continued.

- On the sick headache. 23 pp. 8°. [*Philadelphia*, 1822.] P., v. 118.
Repr. from: Phila. J. M. & Phys. Soc., 1822, v.

NATURAL sagacity the principal secret, if not the whole, in physick, all learning, without this, being in effect nothing, which is contrary to the assertion of a pamphlet lately published, call'd: One physician is as good as t'other, etc. To which are added several memorandums or unfinished sketches on various uncommon subjects [etc.], hints for titles to write or lecture upon, such as that of all maladies being curable without medicine; of the great uncertainty of judging from what causes cures do proceed; that none can know to cure so well as those bred to the profession, who are sagacious; inveterate colic, the particular produce of Britain; the cause of gont, the stone, etc. To which is joined the full examination of all relating to Mrs. Stephens's cures, and receipt for the stone, by the same hand. 8°. London, 1742.

— Aphorismorum sectiones septem, ex Franc. Rabelesi recognitione. Quibus ex Ant. Mnsæ commentariis adjectimus et octavum, et quedam alia, quæ sequens indicabit pagella. 16°. *Lugduni*, 1543.

Greek and Latin texts with separate title-pages.

— The same. 24°. *Lugduni*, 1554.

This is the 1543 edition, with merely a change of date on the first title-page; on the second, or Greek, title-page the date remains 1543.

— Hippocratis Cui . . . aphorismorum sectiones septem, recens ex Græco in Latinum sermonem conversæ, et luculentissimis, isdemque: brevissimis commentariis illustratæ et expositæ: adjectis annotationibus, in quibus quotquot sunt in Galeni commentariis loci difficiles, ad unguem explicantur per Leonhartum Fuchsium. 16°. *Parisiis*, 1545.

— Aphorismorum sectiones septem: recens ex Græco in Latinum sermonem per Leonhartum Fuchsium conversæ, adjectis annotationibus, in quibus quotquot sunt in Galeni commentariis loci difficiles ad unguem explicantur. 16°. *Venetii*, 1546.

— The same. 16°. *Venetii*, 1556.

— Aphorismi digesti in ordinem secundum locos congruentium secum materialium; cum brevi et dilucida expositione singulis aphorismis ex Galeno supposita, quæ integrorum vice commentariorum esse possunt. Ejusdem Hippocratis prænotionem libri tres, cum explanatione eodem ex fonte, hausta. Insigniores aliquot sententiæ selectæ ex libris Antelli Cornelli Celsi, medici inter Latinos eloquentissimi. 16°. *Lugduni*, 1555.

— *Ἱπποκράτους τοῦ Κῶν ἀφορισμῶν τριήματα.* Aphorismi Hippocratis Latino sermone expressi. Guilhelmo Plantio Cœnomano, interprete. 32°. *Parisiis*, 1555.

Greek and Latin text.

— Hippocratis aphorismi, id est, selectæ, maximeque ratæ sententiæ, Guilhelmo Plantio Cœnomano interprete. Galeni in eosdem commentarii septem, eodem Plantio interprete. Joannis Marinelli commentarii in aphorismos, qui cum Galeni commentariis æquo animo conferantur. 32°. *Venetii*, 1552.

— Aphorismorum Hippocratis methodus nova, ab Achille P. Gassaro . . . primum quinque libris distincta: deinde vero Conradii Gesneri . . . opera illustrata. Huic accedunt præterea libelli de re medica aliquot finis non edita . . . Omnia nunc primum opera et studio Cas-

Medicine (Aphorisms in).

pari Wolphii . . . in lumen data. 24°. *Saagalli*, 1554.

— Aphorismi Græce, et Latine, una cum prognosticis, prorrheticis, Coacis, et aliis decem ejusdem opusculis: pleraque ex interpretatione Johannis Henruii Ultrajectini. 32°. *Raphelengii*, 1607.

— Hippocratis Cui aphorismi Græce et Latine brevi enarratione, fidaque interpretatione ita illustrati, ut ab omnibus facile intelligi possint; cum historiis, observationibus, cautionibus, et remediis selectis, a J. Heurnio. 12°. *Lugd. Bat.*, 1609.

— The same. 4. ed. 16°. *Amstelodami*, 1688.

— Aphorismorum Hippocratis liber primus, Heurnio interprete. Singulis aphorismis subjungitur, nunc primum carmen alterum Græcum. 12°. *Cantabrigiæ*, 1631.

— Hippocratis Magui aphorismi soluti et metricali. Interprete Joanne Heurnio, metaphrasti, Joanne Frero et Radulpho Winter-tono. 16°. *Cantabrigiæ*, 1633.

Greek and Latin text.

— Hippocratis aphorismi versibus Græcis et Latinis expositi, per Gerardum Denisotum, ejus selectiora aliquot epigrammata addita sunt huic operi, studio et sumptibus Jacobi Denisot nepotis, in lucem editi. 8°. *Parisiis*, 1634.

— Aphorismi, Nicolao Leoniceo Vincentino interprete, una cum annotationibus quibusdam, et circa textum præcipue Joannis Manelphi a quo in hæc secunda editione plurimæ aliæ annotationes adjectæ fuerunt. 24°. *Romæ*, 1646.

— Aphorismi seu axiomata Hippocratis, septem libris comprehensa, verso heruico explicata a Joan. Bapt. Conde. 16°. *Bræcellæ*, 1647.

— Hippocratis aphorismi Nicolao Leoniceo Vincentino interprete, una cum annotationibus quibusdam et circa textum præcipue Joannis Manelphi. Accessere et prognostica itemque aphorismi selecti ad singulos morbos. Quibus accedunt quedam medica apophthegmata seitu in primis necessaria non antea typis tradita. 32°. *Venetii*, 1663.

In: SCHOLA medica. 32°. *Venetii*, 1663.

— Aphorismi Græce et Latine: brevi enarratione; fidaque interpretatione ita illustrati, ut ab omnibus facile intelligi possint. Cum historiis, observationibus, cautionibus, et remediis selectis. 4. ed. 16°. *Amstelodami*, 1688.

— Aphorismi cum commentariolo auctore Martino Lister. 16°. *Londini*, 1703.

— Aphorismi, ad mentem ipsius, artis usum, et corporis mechanismi rationem expositi. 2 v., pagæ consecutively. 16°. *Parisiis*, 1724.

— The same. Auctore Joanne Hequet; a Parisiana editione editio prima. 4°. *Neapoli*, 1731.

— Aphorismi Hippocratis commentariolo illustrati. Ed. nova. 16°. *Tbingæ*, 1744.

— Aphorismi a Leoniceo versi, nunc vero recogniti, et notis aucti ab Andrea Pasta. Accedunt præsentis Latine a Copo reddita, nunc similiter recensita, et notis illustrata eodem auctore. 16°. *Bergomi*, [1748].

— Magni Hippocratis Cui opuscula aphoristica semeiotico-therapeutica viii, una cum jurjurando, Græce et Latine ex interpretatione Antulii Foesii, aliorumque, in usum sacre gentis Asclepiadæ exarata. 16°. *Basileæ*, 1748.

— Οἱ τοῦ Ἱπποκράτους Ἀφορισμοί. Hippocratis aphorismi. Ex editione Theodori Janssonii ab Almeloven. 24°. *Glasgow*, 1748.

Greek and Latin text.

Medicine (Aphorisms in).

— Aphorismi a Leonicensi versi, nunc vero recogniti, et notis aucti ab Andrea Pasta Bergomate. Accessunt Hippocratis: Præsentia, Latine a Copo reddita, nunc similiter recensita, et notis illustrata eodem auctore. 12°. *Bergomi*, 1750.

— Hippocratis aphorismi ad fidem veterum monumentorum castigati, Latine versi a J. B. Lefebvre de Villebrune. 16°. *Constantinopoli & Parisiis*, 1779.

— Versio antiqua aphorismorum Hippocratis, ex versione commentariorum Orbasii excerpta.

In *libro*: 'Ἱπποκράτους ἀφορισμοί, [etc.]. 24°. *Parisiis*, 1781, 1-77.

— 'Ἱπποκράτους ἀφορισμοὶ καὶ προγνωστικόν. Hippocratis aphorismi et prænotionum liber. Recensuit, notasque addidit Edwardus Franciscus Maria Bosquillon. 2 v. 24°. *Parisiis*, 1784. Greek and Latin text.

— The same. Adjectæ sunt anonymi auctoris Institutiones Ionice medicæ. 24°. *Parisiis*, 1814.

— Aphorismi atque præsentia, Latine versa cum recognitione et notis Andrea Pastæ. Editio novissima ab auctore emendata, et observationibus quamplurimis medicis aucta. Accedunt huic ipsi editioni prolegomena in quibus de aphorismorum præsentiorumque auctore, de utrorumque scriptorum præstantia, deque sententiarum in eisdem contentarum usu disseritur. 12°. *Venetii*, 1791.

COCCHI (A.) Consulti medici. 2 v. fol. *Bergamo*, 1791.

COLLECTIONUM dissertationum medicarum in Academia Göttingensi habitatum tom. i, et ii. 2 v. in 3. 4°. *Göttingæ*, 1790-95.

CONSULTATIONS choisies de plusieurs médecins célèbres de l'Université de Montpellier, sur des maladies aiguës et chroniques. 10 v. 12°. *Paris*, 1750-57.

CORNARIUS (D.) Consiliorum in consultationibus, a clarissimis atque expertissimis, apud diversos ægrotos, partim defunctis, partim adhuc superstitis medicis, tractatus. sm. 4°. *Lipsiæ*, 1599.

CUMANUS (M.) Curationes et observationes medicæ; nunc primum editæ e bibliotheca Georgii Hieronymi Velschii, ejusdem notis. In: VELSCHIUS (G. H.) Sylloge curationum, [etc.]. 4°. *Augustæ Vindob.*, 1668, pp. 25-89, 61.

DODONEUS (R.) Medicinalium observationum exemplaria rara. 12°. *Harderici, MDXXI* [1621].

DONATUS (M.) De medicæ historia mirabili libri sex, opus varia lectione referunt medicis non solum utile, sed et cæteris bonarum artium studiosis pergratum futurum, nunc denno editum, et ab ipsomet auctore emendatum, et multis in locis auctum, ac locupletatum. 8°. *Venetis*, 1697.

FABRICIUS Hildanus (G.) Observationum et curationum chirurgicarum centuriæ (v), nunc primum simul in unum opus congestæ, ac in duo volumina distributæ. 2 v. in 1. 4°. *Lugdun.*, 1611.

— The same. Aanmerkingen rakende de genees- ende heilkonst, bestaande in zes deelen, yder deel in hondert geschiedenissen. Nieuws een brief van een wonderlijk lijf-moeders scheurzel, daar de vrucht levendig uitgesne-

Medicine (Clinical, Collection of cases of) by early writers.

den is, beschreven door D. Michael Doringius: en beantwoordt door Fabricius Hildanus. Uit de Latijnsche inde Nederduitsche taal overgezegt door Nicolaes van Assendelft. 4°. *Kottterdam*, 1656.

— Observationum et epistolarum chirurgico-medicarum centuriæ in certum ordinem digestæ et recens prolixioribus formulis epistolice et aliis ad rem non pertinentibus editæ a Johanne Sigismundo Henningero. 4°. *Argentorati*, 1713.

FERNELIUS Ambianus (J.) Consiliorum liber, cui accesserunt responsa quædam clarorum medicorum Parisiensium. 16°. *Lugdun.*, 1597.

A FONSECA (R.) Opusculum quo adolescentes ad medicinam facile capessendam instruuntur, casus omnium febrium methodice discutiuntur, et curantur: juxta normam in punctis tentativis, pro doctoratu rectandis usitatam, ad post universalem medendi methodum, in particularibus se quisque, exercere possit. Adduntur ejusdem auctoris consultationes aliquot, et modus demonstratur curandi capitis vulnera sine operatione, et per admirabile apparitui oleum secretum unicum, quo ille apud Hispaniarum regem, non modo gloriosum nomen, sed opes magnas consequutus est. 8°. *Florentiæ*, 1596.

FORESTUS Aemarianus (P.) Observationum et curationum medicinalium libri duo: Nempe, decimus sextus de pectoris pulmonisque vitis a morbis; et decimus septimus de cordis ac quibusdam mammillarum affectibus. In quibus eorum causæ, signa, prognoses, curatio graphicè depinguntur: Etiam adjectis scholiis. 16°. *Lugd. Bat.*, 1593.

— Observationum et curationum medicinalium liber decimus-octavus, de ventriculi affectibus. In quo eorum causæ, signa, prognoses, curatio graphicè depinguntur, una cum scholiis. 16°. *Lugd. Bat.*, 1594.

— Observationum et curationum medicinalium liber xix de hepatis malis ac affectibus; et xx de lienis morbis: ubi et de scorbuto, novo malo, pertractatur. Adjecta est in fine epistola D. Henrici A. Bra, de novo quodam morbi genere, Frisii et Westphaliæ peculiari, una cum D. Johannis Henrui ad eam responsione. 16°. *Lugd. Bat.*, 1595.

GAEBELKHOUER [GABELCHOVER] (W.) Curationum et observationum medicinalium centuriæ i [-iv]. In 2 v. 12°. *Tubingæ*, 1611-12.

— The same. 6 pts. in 1 v. 16°. *Tubingæ*, 1611-27.

GALEOTTI (U.) Dissertazione sopra le malattie che si curano nel regio Spedale di S. Ensebio, con i rimedi soliti usarsi nel medesimo. sm. 4°. *Firenze*, 1771.

GASSER (A.) Curationes et observationes medicæ; e bibliotheca Georgii Hieronymi Velschii, cum ejusdem notis. 4°. [*Augustæ Vindob.*, 1667.]

GRÜLING (P.) Observationum et curationum medicinalium dogmatico-hermeticarum, in certis locis et notis personis optime expertarum et probatarum centuriæ vii, cum appendice quorundam medicamentorum secretorum in lucem edita. 8°. *Lipsiæ & Northusæ*, 1669-6.

AD HEER (H.) Observationes medicæ opido rare in Spa et Leodii animadversæ, cum medicamentis aliquot selectis, et ut volunt secretis. 16°. *Leodii*, 1630.

— The same. Accessit ejusdem auctoris, Spadacrene, 2. ed., amicorum rogatu in publicum emissâ a Joanne Michaelis. 24°. *Lipsiæ*, 1645.

Medicine (*Clinical, Collection of cases of*) *by early writers.*

— The same. 16^o. *Lugd. Bat.*, 1685.
HELLING (L. C.) Casus et observationes medicinales, anatomice, chymice, chirurgice, physice, etc., rariores, selectae et curiosae. Oder nützlicher Bericht von allerhand raren, curiösen und ansehnlichen medicinischen, anatomischen, chyrurgischen und physikalischen Dingen. 5 pts. in 1 v. 16^o. *Frankfurt & Leipzig*, 1710.

HOECHSTETTER (P.) Rararum observationum medicinalium decades sex antehac editae: quibus nunc accessere quatuor decades aliae, nunquam hactenus visae, continentes historias, quesiata, observata, variaeque monita medica, jocunda, salutaria, utilia ei, tum eni praxis curae est, tum eni cordi: curante Joh. Phil. Hoechstettero, Joh. Phil. fil. auctoris nepote. 12^o. *Francofurti & Lipsiae*, 1674.

— Rararum observationum medicinalium pars posthuma, continens decades quatuor, vnum septimum, octavum, novum et decimum. In quibus historiae, quesiata, observata, monita medica varia, jocunda, salutaria, utilia, necessariae, tam speculanti medicinam quam operanti continentur. 12^o. *Francofurti & Lipsiae*, 1674.

HOFFMANNS (F.) Consultationum et responsorum medicinalium [centuria tres]. 3 v. 16^o. *Amstelodami*, 1734-5.

Tractatus primus de origine spiritus et generibus ejus et principis sue generationis et informationis. Capitulum primum de origine spiritus. [In fine:] Expletus est libellus de viribus cordis quem princeps Avicenna edidit. Impressus Venetiis. Anno incarnationis Dominice, mccc.lxxxvi. 4°. *Venetii*, 1486.

BAGLIVI (G.) Opera omnia medico-practica, et anatomica. Hac sexta editione, post ultimam Ultrajectinam aucta, novisque locupletata dissertationibus, epistolis et præfatione quæ systematicis Bagliviani usum aperit, adversariorumque diluit objectiones. Accedit tractatus de vegetatione lapidum opus desideratum, necnon de terræmotu Romano, et urbium adjacentium anno 1703. 4°. *Lugduni*, 1704.

— The same. 4°. *Venetii*, 1727.

— The same. Editio inter quamplurimas emendatissima. In qua præter dissertationes, et alios tractatus præcedentibus editionibus adjunctos, que sunt ejusdem Baglivi canones de medicina solidorum, [etc.]. Accedunt index rerum, verborumque a viro in theoria practicaque medicina peritissimo multo labore confectus; in quo auri vel operis velut quoddam enchiridion, et compendium in communem ægrotantium utilitatem medici habere possunt; præterea ipsiusmet Baglivi vita ex ejusdem operibus excerpta, et aliqua doctissimi auctoris additamenta. 4°. *Venetii*, 1761.

— The same. Opere complete medico-practice ed anatomice coll' aggiunta di quattro opuscoli del Santorino tradotte per la prima volta in italiano e commentate da Raimondo Pellegrini. 8°. *Firenze*, 1841.

Date on cover: 1843.

BARBETTE (P.) Opera omnia medica chirurgica et anatomica, notis et observationibus nec non pluribus morborum historiis et curationibus illustrata. Editio novissima [etc.]. 4°. *Genevæ*, 1704.

— The same. Alle de medecynale werken na de hedendaagsche practyk beschreven bestaande in de chirurgie en practyk der medecynen vergiert met noten door F. Dekkers. 16°. *t' Amsterdam*, 1709.

— The same. 9. druk. 12°. *Amsterdam*, 1723.

Medicine (Collected works of single authors on)—*Opera omnia*.

BIFFI (S.) Opere complete. 5 v. 8°. *Milano*, 1902.

BOERHAAVE (H.) Opera omnia medica complectentia: I. Institutiones medicas. II. Aphorismos de cognoscendis et curandis morbis. III. Libellum de materia medica. IV. Tractatum de lue aphrodisiaca sive venerca. V. Atrocis, nec descripti prius morbi historiam. VI. Atrocis, rarissimiue morbi historiam alteram. VII. De fabrica glandularum in corpore humano epistolam. VIII. De mercurio experimenta ex Act. Reg. Lond. Soc. eruta. IX. Orationes inaugurales academicas. Accedit in nova hac editione, auctoris vita et effigies. roy. 8°. *Ncapoli*, [1750].

— The same. 4°. *Venetii*, 1790.

BONTEKOE (C.) Alle de philosophische, medicinale en chymische werken, behelsende een afwerp der ongefondeerde medecynen, chirurgie en pharmacie der oude genees-heeren. Neeffens den opbouw van een ware philosophie medecynen en chymie dieneende om de gezondheid lang te bewaren, en de siekteus kort en veilig te geneesen. 2 v. in 1. 4°. *Amsterdam*, 1669.

BUFALINI (M.) Opere. 6 v. in 9. 8°. *Firenze*, 1844-72.

CATUS (J.) [Opera aliquot et versiones. Videlicet de medendi methodo lib. ii. De ephemeris Britannica, liber unus. Versio librorum Galeni, nempe de libris suis. De ordine sanorum librorum. De ratione victus secundum Hippocratem, in morbis acutis. De placitis Hippocratis et Platonis.] 16°. [*Lovanii*, 1556.]

CAPIVACCUS (H.) Opera omnia, quinqué sectionibus comprehensa: Quarum prima, physiologica; secunda, pathologica; tertia, therapeutica; quarta, mista; quinta, extranea. Hac sexta, et novissima editione ejusdem auctoris consilia jam diu desiderata, ac alia plurima, typis hactenus nondum in lucem edita, nunc autem castigatissima in publicum, ad omnium studiosorum utilitatem, prolata. fol. *Venetii*, 1617.

CHARAKA-SAMHITĀ. The collected works of Charaka, consisting of the treatises on sūtra (general principles), nidāna (pathology), [etc.]. 8°. *Calcutta*, 1877.

— The same. Transl. into English. Pts. 1-16. 8°. *Calcutta*, [1888-97].

CHARCOT (J.-M.) Œuvres complètes. v. 4-9. 8°. *Paris*, 1887-90.

DAVAINE (C.-J.) L'œuvre de . . . Charbon, septiciémie, parasitisme, microbisme, anatomie, physiologie, anomalies, tératologie. 8°. *Paris*, 1889.

DE DIEMERBROECK (I.) Opera omnia anatomica et medica, partim jam antea excusa, sed plurimis locis ab ipso auctore emendata, et aucta, partim nondum edita. Nunc simul collecta, et diligenter recognita, per Timannum de Diemerbroeck, Isb. fil. fol. *Ultrajecti*, 1655.

DOLEUS (J.) Opera omnia: exhibentia non modo encyclopædiam medicam dogmaticam in qua affectus humani corporis interni, et encyclopædiam chirurgicam rationalem. . . , in ultima hac editione longe auctiora et correctiora reddita, de novo offerebant. I. Tractatum de theriaca cælesti, ejus usum viresque exhibentem. II. Observationes auctoris rariores, et curiosas hactenus tui eruditus communicatas, tum privatis in scribulis huc usque asservatas. III. Commercio ejus epistolare cum celeberrimo quondam archiatro Hassiaco et professore Marburgensi D. D. Johanne Jacobo Waldschmidt

Medicine (*Collected works of single authors on*)—*Opera omnia*.

philosophico-medicum et varii argumenti, etc. fol. *Venetis*, 1635.

ETTMÜLLER (M.) *Opera omnia* theoretica et practica, in quibus universa praxis medica sive omnium totius humani corporis morborum dilucida descriptio, eorumque causarum accurata explicatio et curatio per selectissima et optima medicamenta, secundum principia et experimenta chymica ac anatomica. . . ., Helmontii, Willisii, Sylvii Tackonii, aliorumque notecorum exhibetur. Accedit chirurgia medica pulcherrima methodo omnes affectus externos explicans, eorumque causas, restitutionem et curam describens, ut et methodus consultatoria, per variorum casuum exempla docens morborum resolutionem et curationem. Annexi sunt in fine de particularibus quibusdam materiis tractatus ejus singulares. 4°. *Lugduni*, 1655.

— The same. Nempie institutiones medicæ cum notis [etc.]. fol. *Frankof. ad Manum*, 1682.

— The same. Editio postrema, accuratissime ad mentem auctoris recognita [etc.]. 3 v. fol. *Venetis*, 1700.

— The same. Editio novissima, diligenter recognita, a mendis quibus priores editiones scatebant expurgata, et demum tractatu de virtute opii locupletata. 4°. *Venetis*, 1727.

FABER (P. J.) *Opera*. 2 v. sm. 4°. *Frankofurti*, 1656.

FABRICIUS ab Aquapendente (H.) *Opera omnia* anatomica et physiologica, hactenus variis locis ac formis edita; nunc vero certo ordine digesta, et in unum volumen redacta. Accessit index rerum ac verborum locupletissimus una cum præfatione Bernardi Siegfriedi Allini. Ed. novissima. fol. *Lugd. Bat.*, 1738.

FABRICIUS Hildanus (G.) *Opera* que extant omnia, partim antehac exensæ, partim nunc recens in lucem editæ. Omnia ab autore recognita, multisque in locis, tum epistolis clarissimorum virorum, tum observationibus et exemplis novis aucta. In ultima hæc editione instrumenta quam plurima, in præcedentibus editionibus inepte depicta et sculpta, nunc singulari artificio ad vivum adumbrantur multaque alia ab autore inventa adijciuntur. Cum duplici indice, uno morborum secundum partis corporis, altero rerum et verborum locupletissimo. Additus quoque ob materie similitudinem Marceli Aurelii Severini liber de efficaci medicina, chirurgie et medicæ cultoribus maxime utilis. fol. *Frankof. ad Manum*, 1682.

FERNELIUS Aubianus (J.) *Opera* medicinalia; nempe phisiologia, pathologia, et therapeutica, seu medendi ratio; quibus adijcimus de abditis rerum causis: nunc denuo recognita et impressa; Io. Fernelii leguntur. sm. 4°. *Venetis*, 1565.

— The same. 4°. *Venetis*, 1566.

FICK (A.) *Gesammelte Schriften*. 8°. *Wärzburg*, 1904.

See, also, **Encyclopædias, Nomenclature, Medical; Pharmacy, Surgery, Dictionaries of.**

AMERICAN (The) medical lexicon, on the plan of Quincy's lexicon physico-medicum, with many retracements, additions, and improvements, comprising an explanation of the etymology and signification of the terms used in anatomy, physiology, surgery, materia medica, chemistry, and the practice of physic. Compiled from the most approved authorities. 8°. New York, 1811.

APPLETON'S medical dictionary. An illustrated dictionary of medicine and allied subjects. . . . Ed. by F. P. Foster. 8°. New York, 1904.

BARTON (W. M.) & WELLS (W. A.) A thesaurus of medical words and phrases. 8°. Philadelphia, 1903.

BRÜCHOLD (H.) Handlexikon der Naturwissenschaften und Medizin, bearbeitet von A. Velde, W. Schaaf [et al.]. 8°. Frankfurt a. M., 1894 [1893].

BILLINGS (J. S.) The national medical dictionary, including English, French, German, Italian, and Latin technical terms used in medicine and the collateral sciences, and a series of useful data. With the collaboration of W. O. Atwater, Frank Baker, S. M. Burnett, W. T. Connelman, James F. Flint, J. A. Kidder, William Lee, R. Lorini, Washington Matthews, C. S. Minot, H. C. Yarow. 2 v. roy. 8°. Philadelphia, 1890.

BLANCARD (S.) Lexicon medicum Græco-Latinum, in quo termini totius artis medicæ, secundum neoteriorum placita definiuntur vel circumscribuntur, græca item vocabula ex originibus suis deducuntur, ante hæc . . . , concinnatum et editum, nunc vero tertia fere parte auctum et pluribus in locis emendatum. Belgicis quoque prioris editionis nominibus Germanica, signa significautia adferunt, in hæc sunt substituta. 16°. Gene, 1683.

— The same. Lexicon novum medicum Græco-Latinum, cæteris editionibus longe perfectissimum. In hoc enim totius artis medicæ termini, in anatomia, chirurgia, pharmacia, chymia secundum neoteriorum placita dilucide et vere exponuntur et definiuntur. Græcæ quoque voces ex origine sua deducuntur, hisce præterea adiungitur Belgica, Germanica, Gallica et Anglica interpretatio, cum indicibus eorum locupletissimis. Opus sane omnibus philatris, philologis et philosophis commodissimum, utilissimum. 8°. Lugd. Bat., 1702.

— The same. Lexicon medicum Græco-Latino-Germanicum, in quo termini totius artis medicæ secundum neoteriorum placita definiuntur vel circumscribuntur, Græca item vocabula ex originibus suis deducuntur, cum præfatione Georg. Ernest. Stahlil. 4. ed. 16°. Francof. ad Viadr., 1705.

— The same. Lexicon medicum renovatum, in quo totius artis medicæ termini, in anatomie, chirurgia, pharmacia, chymia, re botanica, etc., usitati, dilucide et breviter exponuntur juxta neoteriorum tum practicum tum mechanorum placita et vere demonstrata principia. Hisce adiungitur Græcarum vocum etymologia; tum earum Belgica, Germanica, Gallica, Anglica, etc., interpretatio; cum indicibus locupletissimis. Ed. novissima. 8°. Lugd. Bat., 1717.

Medicine (*Dictionaries of*).

— The same. 5. ed. 12°. Halle Magdeb., 1718.

— The same. Editio novissima, cæteris longe auctior et perfectior. 8°. Lugd. Bat., 1735.

— The same. 8°. Lugd. Bat., 1756.

— The same. The physical dictionary, wherein the terms of anatomy, the names and causes of diseases, chyrurgical instruments, and their use are accurately describ'd; also the names and virtues of medicinal plants, minerals, stones, gums, salts, earths, etc., and the method of choosing the best drugs, the terms of chymistry, and of the apothecaries' art, and the various forms of medicines, and the ways of compounding them; with the addition of many thousand terms of art, and their explanation; also a catalogue of characters used in physick, both in Latin and English, engraved in copper. 4. ed. 8°. London, 1702.

— The same. The 7. ed., with the addition of many thousand terms of art and their explanation (from the last and best edition of Castella's Lexicon medicum and other authors), more than in any former impression. Also a catalogue of the characters us'd in physick, both in Latin and English, curiously engrav'd on copper. 8°. London, 1726.

— The same. Arzneiwissenschaftliches Wörterbuch, worin nicht nur die zur Heilkunde gehörigen Kunstwörter, sondern auch die in der Zergliederungskunst, Wundarzneikunst, Apothekerkunst, Scheidekunst, Gewächskunde u. s. w. gebräuchlichen Ausdrücke deutlich bestimt und kurz erklärt werden. Nebst dem ist die Abstammung ursprünglich griechischer Wörter fasslich auseinander gesetzt, und die holländische, französische, englische und andere Benennungen beigelegt, womit überdies noch die vollständigen Register verbunden sind. Neu bearbeitet nach der neuen Isenflammischen Ausgabe und mit der nach alphabetischer Ordnung eingerückten kurzen Geschichte der berühmtesten Aerzte, nebst der Anzeige der vorzüglichsten Schriften derselben und vielen anderen Zusätzen vermehrt. 8°. Wien, 1788.

BOSSU (A.-F.) Petit compendium de médecine usuelle. Dictionnaire-bijon de pathologie, thérapeutique et hygiène domestique. 32°. Paris, [1886].

— The same. Petit compendium médical. Quintessence de pathologie, thérapeutique et médecine usuelle. 3. éd. 24°. Paris, 1885.

— The same. 4. éd. 32°. Paris, 1886.

BOUCHUT (E.) & DESRÈS (A.) Dictionnaire de médecine et de thérapeutique médicale et chirurgicale, comprenant le résumé de toute la médecine et de toute la chirurgie, les indications thérapeutiques de chaque maladie, la médecine opératoire, les accouchements, l'oculistique, l'odontotechnie, l'électrisation, la matière médicale, les eaux minérales, et un formulaire spécial, pour chaque maladie. 5. éd. roy. 8°. Paris, 1889.

BUCK (A. H.) A vest pocket medical dictionary embracing those terms and abbreviations which are commonly found in the medical literature of the day, but excluding the name of drugs and of many special anatomical terms. 32°. New York, 1896.

CABALLERO Y VILLAR (J. M.) Diccionario tecnológico de ciencias médicas. 8°. Vitoria, 1886.

CASTELLI (B.) Lexicon medicum Græco-Latinum ex Hippocrate et Galeno desumptum. 12°. Venetiis, 1642.

Medicine (Dictionaries of).

—. The same. Nunc vero in commodum publicum opera et studio Adriani Ravesteini ex Hippocr., Galen., Avicenn. atque aliorum . . . medicorum monumentis. Tertia quidem sui parte auctius [etc.]. 12°. *Roterodami*, 1665.

—. The same. Castellus renovatus: hoc est, lexicon medicum, quondam a Barth. Castello Messanensi inchoatum, per alios post modo continuatum, nunc vero ad vera novaque artis medicæ principia accomodatum, a plurimis mendis et vitiosis allegationibus correctum, et innumeralibus pene vocabulorum accessione amplificatum cura et studio J. P. Brunonis. 4°. *Norimbergæ*, 1682.

—. The same. Amaltheum Castellor-Brunonianum, sive lexicon medicum, primum a Bartholomæo Castello Messanensi inchoatum, ab aliis etiam continuatum, tandem ad vera novaque artis medicæ principia accomodatum . . . cura et studio Jac. Pancreatii Brunonis. 4°. *Norimbergæ*, 1682.

—. The same. Accesserunt huic novæ editioni Joannis Rhodii in Castellii lexicon perutilis, et hoc signo† notatæ additiones. 4°. *Patarii*, 1713.

—. The same. 4°. *Patarii*, 1721.

—. The same. Lexicon medicum Græco-Latinum, ante a Jacobo Pancreatio Brunone iterato editum, nunc denovo ab eodem et aliis plurimis novis accessionibus locupletatum et in multis correctum. 4°. *Lipsiæ*, 1713.

—. The same. Editio nova accuratissima. 4°. *Genevæ*, 1746.

CHRISTIANSSON (J. C.) Den nyttiga ört-boken, eller kortfattlig vägledning till kunskapen om verketrikt i allmänhet och synnerhet till igenkännandet af de förnämsta hos oss förekommande, i ekonomien och husmedicinen användbara, wilda och odlade örter, buskar och träd, jemte anvisning att insamla och förvara s. k. apotekskverter. [A useful dictionary, or brief guide to knowledge of words used in domestic remedies, technical terms, etc.] 12°. *Stockholm*, 1856.

CLEVELAND (C. H.) Pronouncing medical lexicon, containing the correct pronunciation and definition of most of the terms used by speakers and writers on medicine and the collateral sciences. With addenda. 16°. *Philadelphia*, 1865.

— The same. 7. Aufl. 8^o. Ratzeburg, 1718.

— Medicina experimentalis Digheana, das ist: ansserlesene und bewährte Artzney-Mittel, anss weyland Herrn Grafen Digby Manuscriptis zusammen gebracht. Sammt etlichen andern angehängten Experimenten und Secreten: durch etliche Liebhaber der wahren natürlichen Wissenschaft übersetzt, und an den Tag gegeben. Nummehro wieder von neuem übersehen und mit unterschiedlichen approbirtten Experimenten vermehrt. 2 pts. in 1 v. 12^e. Frankfurt a. M. & Offenbach, 1672-6.

— The same. 2 pts: in 1 v. 12^e. Frankfurt a. M., 1687.

DÖRING (M.) De medicina et medicis adversus iatromastigas et pseudiatros libri ii. In quibus non solum generatim medicinæ origo, progressus, dignitas, et medici officium prolixè assertitur, sed etiam particulatim tam Hippocraticæ et Galenicæ præstantia; quam empiricæ, magicæ, methodicæ et Paracelsicæ usus atque abusus exentitur: obrerum, historiarum et questionum varietatem omnium facultatum studiosis lectu nec ingrai, nec infructuosi. 12^e. Giessa Hessorum, 1611.

DU POTET de Sennecoy (J.), le baron. La magie dévoilée, ou principes de science occulte. 4^e. Saint-Germain, 1875.

FINCK (J. V.) Encheiridion dogmatico-hermeticum, morborum partium corporis humani præcipuorum curationes breves continens; in gratiam veræ medicinæ studiosorum conscriptum. 16^e. Lipsia, 1626.

FIORAVANTI (L.) Il tesoro della vita humana, diviso in libri quattro. Nel primo si tratta delle qualità e cause di diverse infermità con molti dei discorsi sopra di ciò. Nel secondo si descrivono molti esperimenti fatti da lui in diverse parti del mondo. Nel terzo vi sono diverse lettere dell' autore, con le sue risposte, dove si discorre così in fisica, come in cingia. Nel quarto ed ultimo sono rivelati i secreti più importanti di esso autore. Di nuovo posto in luce. 24^e. Venetia, 1570.

— The same. Di nuovo ristampato, e con diligenza corretto. 16^e. Venetia, 1673.

— A short discourse of the excellent doctour and knight . . . With a declaration of many thinge necessary to be knowne, never written before in this order; whereunto is added a number of notable secrets, found out by the

Medicine (*Magic, mystic, and spagyric*). same author. Translated out of Italian into English, by John Hester. sm. 4°. London, 1580.

— De' caprici medicinali libri quattro. Nel primo de' quali s' insegna à conoscere diversi segni delle cose naturali, con molti secreti nella medicina e chirugia. 16°. *Venetia*, 1573.

— The same. 24°. *Venetia*, 1582.

— The same. Libri quattro, di nuovo di secreti importantissimi ampliate, quale così à professori di fisica come di chirugia erano grandemente necessarii. 16°. *Venetia*, 1680.

FLUDD [or DE FLUCTIBUS] (R.) Utriusque Cosmi, majoris scilicet et minoris metaphysica, physica atque technica historia. 2 v. in 1. fol. *Oppenheimii*, 1617.

FROMMANN (J. C.) Tractatus de fascinatione novus et singularis, in quo fasciatio vulgaris profigitur, naturalis confirmatur, et magica examinatur; hoc est, nec visu, nec voce fieri posse fascinationem probatur; fasciatio naturalis non per contagium sed alio modo explicatur; magos de se nec visu, nec voce, nec contactu, nec alio modo ledere posse roboratur theologis, jurisperitis et medicis, præsertim animarum sacerdotibus provincialibus, quibus cum variis superstitionum monstris sepe est pugnandum, imò omnibus hoc seculo corrupto, quo non tantum prævus circa fascinum sensus simpliciorum ingenia fascinat, sed et præservatio et curatio morborum verbalis (ad quam per occasionem hic fit digressio) ad æquū tendere videtur, lectu utilis. 4°. *Norimbergæ*, 1675.

GESNER (C.) Thesaurus de remediis secretis. Liber physicus, medicus, et partim etiam chymicus, et æconomicus in vinorum diversi saporis apparatus. 24°. *Venetis*, 1554.

— The same. 24°. *Venetis*, 1556.

— The same. 16°. *Lugduni*, 1559.

— The same. 24°. *Lugduni*, 1620.

— The same. Schatz. Ein kostlicher theurer Schatz Enonymi Philiatrī, darinn behalten sind vil heynlicher güütter Stuck der Artzney, fürnemlich aber die Art und Eygenschaft der gebrachten Wasseren und Ölen, wie man die selbigen bereiten sölle: dessgleichen yeder Wasseren und Ölen Art und Eigenschaft, Nutz und Brauch, [etc.]. Erstlich in Latin beschreiben durch Enonymum Philiatrum, und newlich vertieutsch durch J. R. Landenburger. 8°. *Zürich*, 1555.

— The same. The practise of the new and old phisicks [etc.]. sm. 4°. *London*, 1599.

GEUSS (W.) Methodus curandorum morborum mathematica: qua morborum depellendorum ex astrorum concordanti influxu ratio certa et evidens ostenditur. Cui et locorum hyalgialium et thematum celestium structura adjecta. Nunc primum publici juris facta. sm. 4°. *Francofurti*, 1613.

GILBERT (É.) Philtres, charmes, poisons; antiquité, moyen âge, renaissance, temps modernes. 8°. *Paris*, 1880.

GRUELING (P.) Curatationum dogmatico-hermeticarum, in certis locis et notis personis optime expertarum et rite probatarum centuria prima. 16°. *Lipsiæ*, 1638.

HANNEMANN (J. L.) Ovum Hermetico-Paracelsico-Trismegistum, i. e., commentarius philosophico-chemico-medicus [etc.]. 12°. *Francofurti*, 1694.

— Instructissima pharus in oceano philosophorum ostendens viam veram et tutam. Ad Ophir auriferum, i. e. commentarius hermetico spagyricus in arcanum philosophiæ hermetice, auctoris qui latet sub ænigmatē Pene Nos Unda Tagi. Cum responsione et resolu-

Medicine (*Magic, mystic, and spagyric*). tione civit questionum olim ab excell. Morhoso auctori propositarum. 4°. *Kiloni*, 1712.

HARTMANN (F.) Occult science in medicine. 8°. *New York*, 1893.

HARTMANN (J.) Alehémie und Arkanologie im Gegensatz zur Schulmedizin. Die Arkana, die Remedia divina der alten Alchemisten. 8°. *Zürich*, 1888.

HELLWIG (C.) Grund- und Lehr-Sätze der ganzen und edlen Medicin, oder kurtze und deutliche Anleitung, wie so wohl die Herren Studiosi medicinae, als auch ein jedweder, ob er schon kein Medicus, zu seiner Gesundheit und Lehre, eine gute Wissenschaft von der Medicina empirica, dogmatica, seu rationali, methodica, hermetica, spagyrica, chymica, vel Paracelsistica, und heut zu Tage florirenden Medicina dogmatico-hermetica sive rationali, und deren Theilen . . . kurtz und gut tractiren, und bei göttl. Segen, wohl und bald begreifen möge, [etc.]. 12°. *Leipzig*, 1715.

INDAGINE (J.) Introductiones apotelesmaticæ elegantes in chymantium, physionomiam, astrologiam naturalem, complexiones hominum, naturas planetarum, cum periaxiomatibus de faciebus signorum et canonibus de ægritudinibus, usquam fere simili tractata compendio. 16°. *Lugduni*, 1556.

INGEBERN (J.) Chironantia, metoposcopia et physiognomia curioso-practica. Oder kurze Anweisung wie man aus den vier Haupt-Linien in der Hand, wie auch aus den Adern auff der Hand, von des Menschen Gesundheit, Glück und Unglück, muthmasslich judiciren oder und hiebevorn von keinen noch nie in Druck gegebenen. Abmessung der Linie Honoris, wie auch den Adern auff denen Händen, daraus man Gesundheit, Krankheit und dergleichen erschen kan. 16°. *Franckfurt a. M.*, 1692.

— The same. Mit Fleiss anfs neue zum drittemal übersehen, mit etlichen Capiteln vermehret, und von den vorigen Druck-Fehlern gesäubert, auch bey jedem Paragrapho um ein merckliches vermehret. 16°. *Franckfurt a. M.*, 1701.

JOANNES DE RUPESSICA. De consideratione quintæ essentie rerum omnium, opus sane egregium. Accessere Arnoldi de Villanova epistola de sanguine humano distillato; Raymundi Lullii ars operativa, et alia quedam; Michielis Savanarole libellus optimus de aqua vite, nunc valde correctior quam ante annos lxx editus, omnia ad selectissimam materiam medicam, et morborum curatorem, vitæque conservationem mirabiliter facientia. 16°. *Basileæ*, 1597.

KIRCHER (A.) Magneticum naturæ regnum sive disceptatio physiologica de triplici in natura rerum magnetē, juxta triplicem ejusdem naturæ gradum digesto inanimato sensitivo qua occultæ prodigiosarum quarundam motionum vires et proprietates, quæ in triplici naturæ æconomia nonnullis in corporibus noviter detectis observantur, in apertum lucem eruntur et inculentis argumentis, experientia duce, demonstrantur. 4°. *Romæ*, 1667.

LA COURVÉE (J.-C.) Dissertatio de tinctura universalis (vulgo lapis philosophorum dicta) in qua 1. quid hæc sit, 2. quod detur in rerum natura; 3. an Christiano consultum sit immediate in hanc inquire; 4. e qua materia; et 5. quomodo præparetur, per rationes, et variorum experientiarum perspicue proponitur; aliæque curiosæ et utilis, huic analogæ, adnectuntur. Ad normam Academiæ naturæ curiosorum. sm. 4°. *Attenburgi*, 1678.

LE FEBVRE [LEFÈVRE] (N.) Neuvemehrer chymischer Handleiter und guldnes Kleinod:

Medicine (Magic, mystic, and spagyric).

das ist: deutliche Unterweisung, wie man die von chymischer Wissenschaft ins gemein handelnde Schriften recht verstehen, und nach Ordnung der spagyrischen und apothekerischen Bereit-Kunst die darzu erforderte würcliche Operation gebühlich verrichten, die Vegetabilien, Animalien und Mineralien, ohn Verlust ihrer wesentlichen Kräfte bereiten, auch die Fehler welche ehedessen in den gemeinen Apotheken begangen worden, vermeiden, und nach der hertigen Verbesserung alle Bereitungen anstellen müsse: vormals durch den . . . anjetzo aber auf Ersuchen guter Freunde durchhans mit vielen spagyrischen Secreten und Artzney-Experimenten vermehret; worzu bey dieser neuen Edition noch kommt Herrn Le Febvre Beschreib- und Erklärung der grossen Hertz-Stärkung des Ritters Rawlichs, so jetzt gleichfalls vermehret und alles zum andermal in den Druck gegeben worden, von Joh. Hiskia Cardilio. 12°. Nürnberg, 1685.

LEMNIUS Zirczeus (L.) *Oculata naturæ miracula, ac varia rerum documenta, probabiliter ratione atque artificij conjectura duobus libris explicata, que studioso avidoque lectori non tam usui sunt futura, quam oblectamento.* 24°. Antverpiæ, 1559.

— The same. *De miraculis oculitis naturæ, libri iv.* Editio ultima, prioribus emendatior et correctior. 16°. Lugd. Bat., 1666.

— The same. *Les occultes merveilles et secretz de nature, avec plusieurs enseigne-mens de choses diverses, tant par raison probable que par conjecture artificielle; exposées en deux livres de non moindre plaisir que profit à lecteur studieux. Nouvellement traduit de latin en français par Jacques G[oharry] P[arisien].* 16°. Paris, 1567.

— The same. Von dem wunderbarlichen Geheimnissen der Natur und deselben fruchtbarlichen Betrachtung nicht allein nützlichsondern auch heilich zu lesen. Aus dem Latein in die deutsche Sprache auf Bitt etlicher Leute und gemeinen Vaterland zum besten gebracht durch J. Horschit. 4°. Leipzig, [1568].

LE MORT (J.) *Chymica medico-physica, rationibus et experimentis instructa. Brevi et facili via, processus spagyricos rite et artificiose ad finem, perducendi, normam exhibens. Qui annexa est, metallurgia contracta, succinctam metallorum tractationem demonstrans.* 16°. Lugd. Bat., 1684.

LEONARDO (D.) *Capricei medicinali, divisi in tre libri; nel primo insegna a conoscere vari et diversi segni naturali, con molti secreti mirabili nella medicina et chirurgia; nel secondo dimostra il modo di far vari et diversi medicamenti; nel terzo si tratta dell' alchimia dell' humore, et dell' alchimia minerale, materia molto utilissima a ciascheduno.* 12°. Venetia, 1611.

LIVAVIUS (A.) *Examen philosophiæ novæ, que veteri abroganda opponitur: in quo agitur de modo discendi novo; de veterum autoritate; de magia Paracelsi ex Crollio; de philosophia vivente ex Severino per Johannem Hartmannum; de philosophia harmonica magica fraternitatis de Rosea Cruce.* fol. Francof. ad Martium, 1615.

LULLY (R.) *Incipit liber prime distinctionis secretorum naturæ seu quinte essentie . . . qui doctrinam ejus extractionis et applicationis ad corpora humana ad opera terribilia totius artis medicine procuranda; et etiam metallorum transmutationem referat; qui est ymagio omnium librorum super his tractatum.*

In: DE GRADI (or GRADIVS) (Jo. Matth.) *Consilia Secundum viam Avicennæ ordinata.* [Ed. 2.] fol. Lugdunum, 1835, ff. 96-101.

Medicine (Magic, mystic, and spagyric).

— Opera que ad inventum ab ipso artem universalem, scientiarum artiumque omnium brevi compendio, primaque memoria apprehendendam, locupletissimamque vel oratione ex tempore pertractandam, pertinent. Ut et in eandem quorundam interpretum scripti commentarii: que omnia sequens indicabit pagina: et hoc demum tempore conjunctim emendatiora locupletioraque non nihil edita sunt. Accessit Valerii de Valeris Patricij Veneti aureum in artem Lullij generalem opus. Editio postrema. 16°. Argentorati, 1651.

MEAD (R.) *De imperio solis ac lune in corpora humana, et morbis inde oriundis.* Editio altera, antior et emendatior. 8°. Londini, 1746.

MEYER (P.) *Chromantia medica.* Mitt einem Anhang von den Zeichen auf den Nägeln der Finger. Nebens einem Tractätchen von der Physiognomia medica. 16°. Graven-Haag, 1669.

MINUTI (P.) *Ammonia astro-medico-anatomica, o sia colleganza degl' astri col il microcosmo, e di questo con i vegetabili, con un appendice della nautica, ed in calce un raccolto di arcani sperimentati, cognizioni necessarie a' medici, chirurgi, barbieri, naviganti, ed a ogn' altro genere di persone. Fatto all' otio.* 4°. Venetia, 1690.

MIZALDUS [MIZATL] (A.) *Centurie ix memorabilium, utilium, ac jucundorum in aphorismos arcanorum omnis generis locupletes, perpulere digestæ. Accessit his appendix nonnullorum secretorum, experimentorum, antidotorum que contra varios morbos, tam ex libris manuscriptorum quam typis excusis collecta. Seorsum exensa harmonia celestium corporum et humanorum, dialogis indecim astronomicis et medicæ elaborata et demonstrata. Item memorabilium aliquot naturæ arcanorum sylvula, rerum variarum sympathiarum et antipathiarum, libellis il completens.* 16°. Francofurti, 1569.

— The same. 16°. Francofurti, 1613.

MOST (G. F.) *De sympathiæ melleæ in geneeswijzen, of het gebruik van amuletten, bezweringen, magtspreken enz. in de geneeskunde onderzocht, historisch-kritisch behandeld en naar de natuur verklaard.* 8°. 's Hertogenbosch, 1844.

NATÜRLICHE Vorzeichen verschiedenen Wetters, welche man an der Sonne, am Monde, an den Sternen, der Luft, dem Wasser, der Erde, an Thieren, etc., wahrgenommen hat, allen Land-leuten, Gärtnern wie auch Schiffern sehr dienlich von einer Liebhaber von Zeit zu Zeit in Acht genommen und durch eigene Erfahrung aufgesetzt. Aus dem Holländischen übersezt. 12°. Leipzig, 1775.

NOSTRADAMUS (M.) *Zwey Bücher, darinn warhafter, gründlicher und volkommer Bericht gegeben wirdt, wie man erstlich einen ungestalten Leib, an Weib und Manns Personem ausswendig zieren, schön, und junggeschaffen machen, und allerley wohlriechende, köstliche, krefftige Wasser, Pulver, Öl, Seyffen, Rauchkertzlin, Baisankngeln, zu mancherley Gebrauch dienlich, artlich zubereyten. Und wie man folgeats allerley Frucht auf das künstlichest, und lieblichst, in Zucker einmachen, und zur Notdurft auff behaltten sol. Erstlich in frantzösischer Sprache von ihm beschriben. Nun aber, unserm Vaterland zu güten, in das gemain Teutsch, auff das trewlichst verdolmetscht, durch Hieremiam Martium.* 16°. Augspurg, 1573.

PAGGI (C. A.) *Enchiridion medico-astro-chymicum, universam medicinæ theoriam complectens, ac proxime post anatomiam resitutum Caroli Antonii Paggi.* 12°. Ulyssipone, 1664.

Medicine (Magic, mystic, and spagyric).

PARACELSUS [BOMBASTUS AB HOHENHEIM]. (A. P. T.) Wundt und Leibartznei zu allen Wunden, Verletzungen, Schiden und Brichen, Wes jedem Wundartzt der Theorie und Practick zuwissen von Nöten, die ganze Chirurgen belangend, in sorglichen, heylichen oder offnen, auch frantzösischen Schiden und Heylungen, wider den irrigen Brauch der innerfarnten Wundt und Frantzosenartz, auss den Schrifften des vil und wolerfarnen D. Theophrasti Paracelsi. Dabei von Ansziehung der fünften Wesenheit, quinta essentia, auss bewerten Stücken der Artznei, zu wunderbarer Heylung leblicher Gebrechen, durch verborgene natürliche Krafft derselbigenn, Raimundus Lullius. sm. 4°. *Frankfurt a. M.*, [1549].

— The same. 16°. *Amsterdam*, 1699.

PORTA (G. B.) Magia naturalis, sive de metallicis rerum naturalium, libri iv. 24°. *Lugduni*, 1561.

— The same. 24°. *Coloniae*, 1562.

PREU (H. A.) Das System der Medicine des Theophrastus Paracelsus aus dessen Schrifften ausgezogen und dargestellt. Mit einer Vorrede und einem Ueberblicke über die Geschichte der Medicin zur Beförderung des Verständnisses ihrer Reformation im 16ten und ihrer Aufgabe im 19. Jahrhundert von J. M. Leopoldt. 8°. *Berlin*, 1838.

A PUTEO (Z.) Clavis medica rationalis spagyrica, et chirurgica; quae in tractatu consultorio de stranguria, pruritu, et herpete exedente varia, ac selectissima recludit praesidia, cui additur (circa praedictos affectus) consultatio responsiva Hieronymi Venerosii. sm. 4°. *Venetiis*, 1612.

QUERCETANUS (J.) Opera medica, scilicet ad Jacobi Auberti Vindonis de ortu et causis mitalorum contra chymicos explicationem brevis responsio. De exquisita mineralium, animalium, et vegetabilium medicamentorum spagyrica preparatione et uso, perspicua tractatio. Sclapetarius, sive de curandis vulneribus, quae sclapetorum et similium tormentorum ictibus accide-

Medicine (*Magic, mystic, and spagyric*).
runt, liber. Antidotarium spagiricum adversus
eosdem icetus. 16°. [Lugduni], 1591.

———. The same. 16°. [Lugduni], 1600.

———. The same. 16°. [Lipsiæ], 1614.

———. The same. A brief answer of . . .
to the exposition of Jacobus Albertus Vindolus;
concerning the original and causes of metallæ;
set forth against chymists. Another exquisite
and plaine treatise of the same Josephus, con-
cerning the spagiericall preparations and use of
minerals, animals, and vegetable medicines;
wherunto is added divers rare secretæ, not
heretofore knowne of many, by John Hester,
practitioner in the spagiericall arte. 16°. Lon-
don, 1591.

DE SAINTE GERMAIN (J.) La conservation de
l'homme puisée dans la science hermétique, on
lart divin de prolonger la vie à l'état de force et
de santé. Nouvelle et facile application des
œuvres mystérieuses de la nature aux phéno-
mènes de la vie humaine. Édité sur les manu-
scrits originaux. 8°. Paris, 1847.

SALA (A.) Spagyrische Schatzkammer, da-
rinnen von unterschiedlichen, als vorbereiten-
den, erbreuchmachenden, purgirenden, harntrei-
benden, Schweiß erregenden, schmerzstillen-
den, stärkeuden, giftwiderstrebenden, und
anderer Art hochbewährten kräftigen spagy-
rischen Medicamenten, wie dieselben wider
mancherley Krankheiten und Leibeszufälle mit
grossem Nutzen zu gebrauchen seynd, trewlich
erwiesen und gelehret wird. Hierby ist auch
ein Appendix von Bereitung anderer Gattungen
und besonderer gemeiner Artzneyen, die da-
nebst den gemeldten Hauptstücken in Vollfüh-
rung der Curen nothwendig zu gebrauchen für-
fallen. 16°. Rostock, 1637.

SALLWIGT Anglus (G.) Opus mago-cabalisti-
cum et theologicum. Vom Ursprung und Er-
zeugung des Salts, dessen Natur und Eigen-
schaft, wie auch dessen Nutz und Gebrauch.
Da denn zugleich die Erzeugung aller Metallen
und Mineralien, und aller andern Salien aus
dem Grunde der Natur bewiesen wird. Auch
viel Theosophica, nach Gelegenheit der Mate-
rieu, mit untergemischt werde. Desgleichen
auch weitläufftig discurreet wird von denen uns
unsichtbaren Creaturen, in denen uns sichtbaren
und geifflichen Elementu, wie auch von dem
Paradiese und dessen loco, welches alles vorge-
stellet wird durch das Systema Magicum Uni-
versæ; dadurch der Wahrheit-Liebende zu den
allerhöchsten und heiligsten Geheimnissen gelei-
tet und geführt wird. Alles angesetzt und
zusammen getragen von einem embsigen Lieb-
haber der ewigen Wahrheit, dessen Nahmen . . .
überkommen anno mdcviii. fol. Frankfurt
a. M., 1719.
